## CHAUFFEUR-DRIVEN LUXURY WEDDING CARS

I established Azure Luxury Cars in Cheltenham in 2011. The business was born out of a passion for Rolls-Royce and Bentley motor cars and a desire for an unparalleled quality of service; so when you choose Azure, luxury and attention to detail come as standard.

I hope this brochure provides you with all the information you require to make a decision about your wedding transport but please do contact me if you have any questions or would like to view the cars.

## ROLLS-ROYCE PHANTOM

---

Introducing the Rolls-Royce Phantom Sapphire from the Bespoke Collection. This vehicle is a unique, one-of-a-kind specification and is in immaculate condition.

The rear compartment in the Rolls-Royce Phantom is the most luxurious of Azure's wedding cars. You can walk straight into the vehicle in an elegant and graceful manner, due to the rear opening doors. The fine, heated leather seats are perfectly formed to support and relax you whilst allowing you to sit in a stately fashion. Once in the car, the electrically closing doors are controlled at the touch of a button. Custom built into the Phantom by Rolls-Royce, there's a lounge seat cool-box for a champagne bottle and built-in flute holders.

Azure's Rolls-Royce Phantom is the only one based in Gloucestershire that is available for weddings. The Phantom is owned by the proprietor of Azure and is garaged in Cheltenham. You are welcome to come and view it along with Azure's other wedding cars, before deciding which ones best suit your requirements.

## BENTLEY ARNAGE

---

Along with its fine hand-crafted leather and polished walnut interior, the sumptuous Bentley Arnage limousine's key distinguishing feature is its 24"/60cm of leg room.

The Bentley Arnage limousine is equipped with a walnut Champagne holder and tables, providing somewhere to put your glass down between sips.

This luxury limousine of palatial comfort holds a low mileage and a grand history, reaffirming its immaculate condition, with its previous owner being a member of a foreign royal family.

## ROLLS-ROYCE FLYING SPUR

---

The Flying Spur is the embodiment of classic wedding transport – possessing both good looks and a reputation to precede it. It boasts 16”/40cm of leg room and is one of only 50 models ever made.

With low mileage, powerful split-level air conditioning, soft lambs wool carpets and reclining seats, you can be sure to travel in sheer luxury and comfort on your wedding day.

The Rolls-Royce Flying Spur is equipped with tables and a custom-made walnut Champagne holder so you have somewhere to leave your glass between sips.

## BENTLEY BROOKLANDS

---

The Bentley Brooklands is Azure's short-wheelbase luxury wedding car. The rich peacock blue paintwork looks spectacular in sunlight, along with its highly finished quality leather interior and blue carpets. The Brooklands is also equipped with a Champagne holder, providing somewhere for you to place your glass between sips.

Cruising effortlessly through the countryside, the Bentley Brooklands also has a private-hire license, which makes it unique in Gloucestershire. It can therefore be used for all those other important transport requirements associated with a wedding, such as engagement celebrations, transferring guests to nearby hotels at the end of the evening and honeymoon airport transfers.

## BMW X5

---

The BMW X5 is our premium 4×4 vehicle, with privacy glass, heated seats and adjustable air-conditioning.

The reassuring four-wheel-drive capability means that should weather or road conditions unexpectedly turn, and the nature of the journey is not suited to our other luxury saloon vehicles, then we will still be able to get you safely to your destination.

The car is licensed for private hire and can also be used for pre-wedding and post-wedding chauffeur services, such as airport transfers or a Cotswold tour. It is equipped with DVDs and a Wi-Fi enabled iPad for full internet access.

## THE WEDDING DAY

Azure takes care of all your wedding transport requirements.

When you book any of our luxury wedding cars, your chauffeur will perform all of the following journeys as part of your wedding day package\*, and ensure you reach your destination calm and composed.

### THE GROOM'S JOURNEY

With Azure you get a powerful groom's car included in your wedding day package – at no extra cost. We will collect from where the groom and his best man are staying, and take them on a memorable journey to the wedding ceremony in one of our high-powered cars. The groom will arrive at the ceremony venue with plenty of time for him and his groomsmen to assist with guests and prepare for the bride's arrival.

### THE BRIDESMAIDS' JOURNEY

Next in the wedding journey to arrive at the ceremony venue are the bridesmaids and mother-of-the-bride. Azure will chauffeur the bridal party so that they are ready and waiting for the arrival of the bride to assist her in making the perfect entrance.

### THE BRIDE'S JOURNEY

Finally, Azure will chauffeur the bride and her escort to the wedding ceremony. Years of experience allow our chauffeurs to give expert assistance on how to enter and exit her bridal car so that she continues to look immaculate on her arrival at the ceremony.

### THE BRIDE & GROOM'S JOURNEY

Included within Azure's wedding day package is a chauffeur-driven scenic journey for the bride and groom from the ceremony to the wedding reception. This can last about half an hour and during the journey they can enjoy a glass of Champagne each. If they would like to, they can also stop-off for a photo shoot at a favourite location or picturesque setting, where their photographer can capture some memorable shots. As with all of Azure's wedding day Package, there is no additional charge for this service, regardless of the time it takes\*.

## PRE & POST-WEDDING TRANSPORT SERVICES

As well as meeting all of your transport requirements on your wedding day, Azure's Bentley Brooklands and BMW X5 hold private-hire licenses which can be booked for events that occur in the run up to and after the big day.

### THE ENGAGEMENT CELEBRATION

Why not enjoy a perfect evening together celebrating your engagement, or even better, throw an engagement party! Get collected in Azure's Bentley Brooklands and be whisked-off to a restaurant via a scenic route, whilst sipping a glass of champagne. You can then be returned at the end of the evening in either the Bentley Brooklands or Azure's BMW X5.

### VIB (VERY IMPORTANT BRIDE) SERVICE

Planning your wedding can become a complex task – especially with so many options to choose from. Take the stress out of your wedding planning schedule by using Azure's Very Important Bride (VIB) service. Working alongside a wedding planner, Azure will chauffeur-drive you to all of your appointments with care and efficiency, such as; venue viewings, dress fittings, food and wine tastings with your caterer (particularly important if there's lots of wine to try!), cake and floral arrangements... the list goes on. The photo shown features Ruth Hunter of Finesse Planning, with a bride-to-be during a VIB day out.

### THE HEN & STAG PARTY

If you're in charge of planning the hen or stag party, or just want a smart and reliable driver to take you and your close friends to your chosen location, or multiple places, then book the Bentley Brooklands or BMW X5. This could even be a lovely surprise from the groom to his fiancé and friends, or vice versa!

### AIRPORT TRANSFERS & UK MINIMOON SERVICE

First and most importantly, Azure can provide transport for the bride and groom who can be chauffeured to an airport for the start of their honeymoon and collected upon return.

It may be that the main honeymoon isn't for a while. Azure can also chauffeur the bride and groom to a UK destination for a mini-moon after the wedding day. We can either be there at your beck and call during the duration of your mini-moon, or just transfer you to and from your destination.
